Smartcover is Smart Move

Mayor Guidi, Councilman Velez, Public works Director Arnie Shadbeh, and Rick Carver are inspecting the installation of Smartcover devices that will help the City prevent sewage overflows and illegal dumping in our storm drains this service provides 24 hour sewer monitoring and sends a signal to a designated persons cell phone within 20 seconds informing them if there is a sewage overflow problem, if manhole covers are being tampered with or if illegal dumping has occurred. This month the Public Works department will be installing 12 of 27 Smartcover units throughout the city.

REVISED -- STREET AND FREEWAY CLOSURES ANNOUNCED FOR FILM PRODUCTION NEAR LAX

Airline passengers and airport workers are advised by the California Department of Transportation (CalTrans) and the Los Angeles Department of Transportation (LADOT) that there may be some delays getting to Los Angeles International Airport (LAX) beginning this Saturday, Nov. 4 due to a major motion picture production near the airport. CalTrans and LADOT have jointly announced revised street and freeway closures for filming that will occur in three periods:

- Saturday, Nov. 4 through Sunday, Nov. 5
- Wednesday, Nov. 8 through Sunday, Nov. 12
- Wednesday, Nov. 15 through Sunday, Nov. 19

During all periods, Imperial Highway -- one of the main access roads into and out of LAX -- is scheduled to be fully closed in the eastbound direction between Nash Street and Aviation Blvd. Westbound lanes in this section of Imperial Highway will be closed partially with only one lane remaining open. Westbound lanes will experience full closures (the remaining lane also closes) in two-minute intervals on an intermittent (rolling) basis. Closures will occur during

are expected to be fully open, including: San Diego Freeway I-405, Century Blvd., Sepulveda Blvd. and the Sepulveda Tunnel, Lincoln Blvd. and Westchester Parkway.

Because both east- and westbound Century Freeway I-105 will now experience intermittent, rather than earlier planned full closures of eastbound lanes during weekends, construction trucks related to LAX's South Airfield Improvement Project will continue following their current established route to and from the airport using I-105 and Imperial Highway.

Airport-wide and neighboring communities are advised that the film production studio reports it will use pyrotechnics (explosives) and simulated gunfire during filming, and a helicopter during weekends.

PROGRAM TO SPOTLIGHT WW II MYSTERY IN SOUTHERN CALIFORNIA

"The Great Los Angeles Air Raid," one of the most controversial events in Southern California history, is the program topic at the Flight Path Museum on Thursday, Nov. 9, at 10 a.m. in the LAX Imperial Terminal, 6661 W. Imperial Highway.

Donald Young, founding director of the Fort MacArthur Museum in San Pedro, will discuss the night during World War II when anti-aircraft batteries near local defense plants
